10th March 2016

Dear Parents/Guardians,

On 30th March, the Year 12 Psychology class will be attending an excursion to the Faculty of Health Sciences at the University of Tasmania from 1.50pm to 3.20pm. The girls will be given a tour of the facilities, a general talk about study in the Health Sciences, followed by a lecture relevant to our course. The faculty of Health Sciences is located in the Medical Sciences Precinct of the university, on the corner of Liverpool and Argyle Streets, just opposite the Royal Hobart Hospital. We will walk to venue, and the girls will be dismissed from there at the conclusion of the day. Girls may wear plain clothes to the excursion.

If you have advised the College that your daughter has a medical condition please ensure that we are also advised of any changes to this condition by either email (studentmedicalinfo@smc.tas.edu.au) or phone (6108 2562). The College relies on this information to ensure your daughter’s safety and wellbeing whilst at school.

If you consider your daughter has a valid reason for not attending this activity please let me know by emailing me at teachers email.

Yours sincerely

Charlotte Vickers
Psychology Teacher
