

MEDIA RELEASE

23 January 2017

See us as we are at Open Day

On Tuesday 21st March you can take a peek behind the austere stone facade of the St Mary's College Convent at our first Open Day. Open Day falls during Catholic Education Week, which runs from March 18-25 and it is also Harmony Day, so the diversity of our College community will be shining brightly.

Catholic education and St Mary's College are both holistic and inclusive, promoting quality and balance. At St Mary's, we are a leader in the sector in Tasmania and are the only Kinder-Year 12 all girls college in Tasmania, with boys welcome from Kinder-Year 2.

During Open Day we will be conducting tours from 9.30am-12.00pm. With our friendly staff to guide, you will explore the halls and see what goes on inside our classrooms during lessons and play time. Our motto for the day is *See us as we are*, which is just what you'll be doing.

Open Day is being held in conjunction with Harmony Day 2017. Students have been participating in activities to exhibit and display on the day. Harmony Day activities include an exciting kite launch to the sound of Taiko Drumming at 9.30am and cooking with Year 5 students.

We welcome prospective and current families, former students and members of our extended Catholic community to come and celebrate this big occasion for Catholic education and St Mary's College.

On entering College grounds we ask all visitors to head to our friendly reception area to register before joining a tour or simply speaking to one of our College parents who will be there on the day to answer your questions.

See you at Open Day.
