# Leveraging Technologies Already Used By Schools

A completely cloud-based solution, Saasyan Assure integrates with and leverages data from best-in-class technologies already deployed by schools including integration with identity management, collaboration tools, next-generation firewalls, and learning management systems.

The Assure solution is comprised of APIs and microservices and does not require any agents to be installed on individual devices.

This solution architecture makes Saasyan Assure cost effective, quick to set up, requires no maintenance by IT teams and delivers immediate value.

# Advanced Student Safety & Wellbeing Risk Alerts

## Wellbeing Alerts

Groups: year09, class09, Year10, class10, year08 From: 06/06/2021 17:00:00

### Top Ten

| Users                      | Classifications   | Categories |
|----------------------------|-------------------|------------|
| Albert Einstein (einstein) | sexually_explicit | weapons    |
| Virginia Apgar (vagnar)    | self_harm         |            |
| Nicola Tesla (ntesla)      | cyber_bullying    |            |
| Thomas Edison (tedison)    |                   |            |

### High Priority<sup>AI</sup>

Nicola Tesla (ntesla)

### Dictionary Alerts<sup>AI</sup>

self\_harm<sup>AI</sup>

Sent the suicide hotline was useless man, complete joke, i don't know if all this is even worth the effort anymore..... from: ntesla@saasyan.com.au, participants: Nikola Tesla , Thomas Edison' via msteams\_chat on 07/06/2021 during period 'After School'

#### CATEGORY
