

# Laptop enrolment for Year 7 students

We have reviewed our BYOD model for Year 7 2025 and onwards and are pleased to confirm that **Year 7 2025 will have a school-provided device**, a Lenovo 13w Yoga Gen 2. All students will use this primary, dedicated device and do not need to purchase a separate device for school.

The new laptops will be issued to students at the compulsory laptop enrolment sessions, which will run through the mornings of **Tuesday 28 and Wednesday 29 January 2025**, with sessions commencing on the hour from 9.00am to 12.00pm both days. If students miss this enrolment session, they will receive their new laptop in the first week of school.

**Available enrolment sessions can be booked via the following link:**

<https://www.trybooking.com/CWXKZ>

Additional support will be made available in the first week of Term 1 for any student having difficulty enrolling and setting up their device prior to the school term commencing.

Learn more about the Lenovo 13w Yoga Gen 2. including specs and key features here: <https://tinyurl.com/2wt37b95> and more specifications here: <https://tinyurl.com/2k4av3bs>

The device will come with a four-year warranty, four-year battery warranty and a bag.

We will share further information with the full inclusions and our policy for acceptable use with you soon.

## **Reasoning behind school provided devices:**

**Enhanced Learning Opportunities:** One-to-One devices ensure that all students have equal access to technology resources, enabling personalised and interactive learning experiences.

**Standardisation:** With consistent devices across the board, teachers can better integrate technology into their lesson plans and streamline technical support.

**Digital Literacy:** Providing dedicated devices fosters digital literacy skills essential for success in today's world.
