OUR HISTORY

After a short stay at Richmond, Mother Murphy and her Sisters were in residence at St Mary's by 1868. Amid great excitement in the town, the little school of Mount St Mary's received its first pupils on 3 February 1868.

From this small, hopeful beginning grew St Mary's College as we know it today. A respected and flourishing educational institution, it has nurtured the spiritual, cultural, academic and sporting lives of many thousands of students over three centuries.

The sandstone convent of St Mary's College was designed by the colonial architect Henry Hunter to sit astride a grassy rise commanding a charming view of Hobart Town. Today this iconic building with its sandstone façade and dormer windows, looks across the modern landscape of city and port.

The original building was the first Presentation convent in Australia. In 1866, Bishop Daniel Murphy laid the foundation stone of the convent while he awaited the arrival of the intrepid band of Sisters.
